Rail Operations & Compliance Consulting

With over 20 years' experience across standard gauge mainline and heritage railways, narrow gauge systems, and leisure park operations, I provide practical, real-world rail consulting that works on the ground—not just on paper.

Whether you're developing a new operation, improving compliance, preparing for audit, or delivering infrastructure and rollingstock projects, I offer clear, practical guidance backed by years of hands-on experience.

Get in touch to discuss your project, challenges, or compliance needs.

enquiries@caledonianrailway.com

STEAM LOCO

We are seeking expressions of interest from organisations or individuals who might be interested in a **contract overhaul** of the bottom end of our 18" 0-6-0 OC Barclay, NO 2107 of 1941 which will start in early 2027. We are also looking to hire a **replacement steam locomotive** to cover the time period that the above loco is out of service. We can offer secure undercover storage at all time and it will be steamed about 25 times a year on average. Ideally we are looking for something 14" or above and ideally on 6 wheels, but might consider something 4 coupled.

WANTED

We are seeking to acquire two Mk1 coaches – ideally a TSO and a brake vehicle of some sort. Must be steam heated and vacuum braked and be either serviceable or very close to being serviceable. This can either be via a loan, lease or sale, we are happy to discuss options

FOR SALE

We have an 07-16 series **Tamper DR 73274** for sale. If not sold as a complete unit we would welcome enquiries for spares. We believe that it either works or is close to being in working condition but we have never used it. We are happy to accept offers just over the current scrap value. It weighs 46 tons.

We have a **TRAMM – DR98210** for sale. It has operated with us but needs work to make it reliable. It is complete and comes with a number of attachments. Offers will be accepted at just above scrap values – I believe that it weighs just over 20 tons. Again, offers will be accepted for spares if not sold as a complete unit.

HUNSLET ENGINE COMPANY

Worldwide Specialists in Industrial locomotive and associated spare parts.

SALES, Hunslet, Sentinel, Vanguard, GEC locomotive available from stock.

Hire, Diesel Hydraulic, Diesel Electric locomotives 25 to 75 tons, long or short.

SAFETY MANAGEMENT SYSTEMS.

I can advise on, prepare or audit Safety Management Systems (SMS) and Competency Management Systems (CMS). I specialise on the training and assessing of Safety Critical (SC) staff. I have an extensive portfolio of this type of work and I cover a very wide range of heritage railways, standard and narrow gauge, plus some commercial railway operations and new build loco projects.

Please call me to discuss your specific requirements.

FOR SALE – STANDARD GAUGE.

Hunslet 0-6-0ST "Cunarder" (HE 1690 of 1931). Powerful and historic industrial loco with Walschaerts valve gear. Half way through extensive overhaul. Can be restored as a side or a saddle tank loco. All components present. Ideal loco for heritage railway use.

Ex S & L **Manning Wardle 0-6-0ST** loco number 1762 of 1910 "Dolobran". Half way through a very extensive overhaul. Powerful loco when restored.

NER style **passenger brake van** – dual braked. Very good condition.

4 wheel box van. Two 4 x wheel oil tank wagons - restored. Bogie **Weltrol** wagon. **Dogfish** ballast hopper wagon. Vacuum braked. Body needs some replating.

1 x **Jim crow**, standard gauge. 1 x Jim crow, narrow gauge. 2 x standard gauge **re railing ramps**.

Oerlikon **air brake valves**, **distributors**, **relay valves** and emergency **brake valves** – believed to have come off long since dismantled **Harsco Rail grinders** and stone blowers. Some Westinghouse pressure **governors** now also available.

All items can be viewed by appointment.

Offers are invited for all items.
